MEMORANDUM FOR: Director of Central Intelligence
SUBJECT: DCI's Annual Report to the PFIAB

1. Attached at Tab A is the proposed "Annual Report on Coordination of the U.S. Foreign Intelligence Effort," which the DCI is charged with submitting to the PFIAB by 1 October.

2. The memorandum has been revised to reflect the comments received from USIB principals, IRAC members and the CIA Deputy Directors on the first draft, sent to them at your request. Proposed changes were submitted in writing by the DDI, DDO, INR/State, Treasury, DIA, Army and Air Force. Oral comments were provided by DDS&T, NSA and OMB. The ASD(I), Navy, and [redacted] advised they had no changes to propose.

3. The approach and format used this year are quite different from last year's report, attached for information at Tab B. The first 14 pages of last year's report were devoted to activities of the USIB committees. This year USIB committee activities are treated very briefly in the report and a set of USIB committee reports are included in Annex A. The focus this year is much more on management-related activities than was the case in 1972. Problem areas relating to acquisition of specific types of substantive intelligence, to which attention was given in 1972, are not dealt with this year.

4. Last year's report was sent only to the PFIAB, but since this year the various elements of the intelligence community were asked to comment on the draft, I suggest that a copy of the final report also be sent to USIB principals, IRAC members and the CIA Deputy Directors.

5. Your approval of the proposed report and the suggested distribution is requested.
